Sixth Annual SEAOI Structures Symposium

Chicago, IL: The Structural Engineers Association of Illinois welcomes all interested parties to the Sixth Annual Structures Symposium, which provides a forum for engineers to share analysis, design, and construction information from recent projects with unique and/or distinguishing characteristics.

“The SEAOI Structures Symposium is a well-respected event the structural engineering community looks forward to each year. We are extremely proud of this year’s topics and speakers, and are confident our attendees will leave with many useful and interesting takeaways.” said Derek Boeldt, SE, PE, Deputy Chief Engineer for Chicago Transit Authority and Chair of the Structures Symposium Committee. “This event is also a wonderful opportunity to reconnect with peers and make new connections.”

ABOUT THE KEYNOTE SPEAKER, ADAM REED TUCKER:

Mr. Tucker works in collaboration with The LEGO Group to design and distribute the LEGO Architecture line, and his exhibit ***Brick by Brick***, featuring over a dozen giant constructions, may be viewed at the Museum of Science and Industry in Chicago through February 2017. Throughout his professional career, Adam has worked to develop educational programs to bring a greater understanding and appreciation in the areas of architecture, engineering, art, science and design. Adam’s presentation will look into his journey into this field and his commitment to teaching others how engineering goes hand in hand with architecture and design, and bringing a greater understanding of engineering in their daily lives and engineering forces behind well-known landmarks.

WHO SHOULD ATTEND:

This program will be of interest to all members of the construction and structural engineering profession, including: design, construction management, material suppliers, academia, general contracting, and owners’ representatives.

ARRANGEMENTS:

The event will be held on Wednesday, October 26, 2016, at Maggiano's Little Italy, 111 W. Grand Avenue in Chicago. Registration and a continental breakfast will be available at 7:30 am; the program begins at 8 am. Lunch will be provided and the program concludes at 5 pm.

ADVANCED REGISTRATION REQUIRED:

The cost of the event is \$350 for SEAOI Members and \$400 for Non-members. To register for the event, or for more information, please visit: <https://www.seaoi.org/event/6th-annual-structures-symposium> by Friday, October 21, 2016.

[The Structural Engineers Association of Illinois](http://www.seaoi.org) (SEAOI) was founded in 1965 by practicing structural engineers to advance and advocate excellence in structural engineering and to aid in safeguarding the lives and property of the public. SEAOI contributes to the expansion of the art and science of structural engineering by offering education, outreach and networking opportunities to members and the public living and working in Illinois.
