**SEAOI YEC Young Engineers Symposium
Call for Abstracts**

Chicago, IL: The Structural Engineers Association of Illinois (SEAOI) Young Engineers Committee (YEC) is proud to announce its inaugural Young Engineers Symposium on January 31, 2017 in Chicago and issue a formal call for Abstracts.

About the event: This new event is designed to give young engineers the opportunity to showcase their projects and experiences, and give them the chance to learn from their peers. The Symposium will be composed of six brief presentations on a variety of topics, in addition to a small networking social beforehand.

Call for Abstracts: Due to the limited number of presentation time slots, interested young engineers are required to submit an abstract on their proposed topic of presentation. Please see the [Call for Abstracts](#) for more details. Abstracts are due by November 30, 2016.

Event specifics will be finalized soon. For current information about the event, please visit the YEC Symposium event page here: <https://www.seaoi.org/event/young-engineers-symposium>

[The SEAOI Young Engineers Committee](#) (YEC) provides a forum for young practicing engineers can collectively promote the structural engineering field, while also learning from both young and experienced members of SEAOI.

[The Structural Engineers Association of Illinois](#) (SEAOI) was founded in 1965 by practicing structural engineers to advance and advocate excellence in structural engineering and to aid in safeguarding the lives and property of the public. SEAOI contributes to the expansion of the art and science of structural engineering by offering education, outreach and networking opportunities to members and the public living and working in Illinois.
